यांत्रिकी संघटनेकडील संयंत्राचा
यंत्रवापर दराबाबत.

महाराष्ट्र शासन
जलसंपदा विभाग
शासन परिपत्रक क्रमांक:यंत्रवाप-२०.१२/प्र.क्र.१२४/२०१२/यांत्रिकी
मंत्रालय (विस्तार) मादाम कामा रोड,
मुंबई-४०० ०३२.
दिनांक:- १० ऑक्टोबर, २०१२

वाचा:- यंत्रवाप-२०११/११७०/(प्र.क्र.१६५/२०११)/यांत्रिकी, दिनांक १९/१/२०१२

शासन परिपत्रक:-

प्रस्तावना:-

जलसंपदा विभागाच्या अखत्यारितील मुख्य अभियंता (यांत्रिकी) जलसंपदा विभाग, नाशिक यांचेकडील उपलब्ध संयंत्रे जलसंपदा विभागाच्या विविध प्रकल्पांवर वापरण्यात येतात, अशी संयंत्रे वापरण्यापोटी प्रचलित यंत्रवापर दराप्रमाणे भाडे रकमेची आकारणी करण्यात येते. त्यासाठी प्रतिवर्षी शासनाकडून यांत्रिकी संघटनेकडील संयंत्रांचा यंत्रवापर दर निश्चित करण्यात येतो.

यंत्रसामुग्री वापर दर पुस्तिकेमध्ये समाविष्ट असलेले दर हे शासनाच्या जलसंपदा विभागाच्या अधिपत्याखालील यांत्रिकी संघटनेच्या मालकीच्या यंत्रसामुग्रीच्या सहाय्याने प्रकल्पावर खात्यामार्फत करण्यात येणा-या कामासाठीच अधिकृत आहेत. कंत्राटदारामार्फत/ठेकेदारामार्फत करण्यात येणा-या कुठल्याही कामाच्या अंदाजपत्रकासाठी त्याचा विचार करण्यात येऊ नये. ही बाब मुख्य अभियंता (यांत्रिकी) यांनी निर्गमित केलेल्या यंत्रसामुग्रीच्या दर पुस्तिकेमध्ये नमूद केलेली आहे, त्याअनुषंगाने खालीलप्रमाणे शासन निर्देश देत आहे.

शासनाचे निर्देश

यांत्रिकी संघटनेकडील मान्यता प्राप्त “यंत्रवापर दर” हे केवळ यांत्रिकी संघटनेपुरते मर्यादीत आहेत. सदर यंत्रवापर दर केवळ यांत्रिकी संघटनेमार्फत करण्यात येणा-या कामावरील संयंत्रासाठी लागू आहेत. यांत्रिकी संघटनेकडील संयंत्राच्या कामाव्यतिरिक्त अन्य कामासाठी सदरहू दर लागू राहणार नाहीत. ही बाब या परिपत्रकाद्वारे निदर्शनास आणून देण्यात येत आहे.

वरील शासनाच्या निर्देशाचे काटेकोरपणे पालन क्षेत्रीय अधिका-यांनी करावे.

सदरहू शासन निर्णय महाराष्ट्र शासनाच्या वेबसाईट WWW.maharashtra.gov.in वर उपलब्ध असून त्याचा सांकेतांक क्रमांक २०१२१०१०१६२९१०६९२७ असा आहे.

महाराष्ट्राचे राज्यपाल यांचे आदेशानुसार व नावाने,

(र.ए.उपासनी)

शासनाचे उप सचिव

प्रत,

१) मा.प्रधान सचिव (जलसंपदा) यांचे स्वीय सहायक, मंत्रालय, मुंबई-३२

विषय :- सन २०२६-२७ यंत्र वापर दर प्रस्तावाबाबत

- संदर्भ-** १) शासन पत्र क्र.यंवाप-२०११/११७०/(प्र.क्र.१६५/२०११)/ यांत्रिकी, दि.०४/५/२०१२.
२) आपल्या कार्यालयाचे पत्र क्र.मुअयां/तां.७/यंवाद २०२६-२७/३१३/ सन २०२६,
दि.१०/०२/२०२६
३) शासन पत्र समक्रमांक दि.०४/०३/२०२६ व दि.१७/०३/२०२६

महोदय,

उपरोक्त विषयाबाबत आपण संदर्भाधीन पत्र क्र.१ अन्वये यंत्र वापर दर प्रस्ताव शासन मान्यतेसाठी सादर केला आहे. उपरोक्त प्रस्तावाच्या अनुषंगाने सोबत जोडलेल्या यंत्रवापर दर सन २०२६-२७ करिता पुढील अटीच्या अधीन राहून मान्यता देण्यात येत आहे:-

- १) या पत्रान्वये मंजूर दर हे दिनांक ०१/०४/२०२६ ते ३१/०३/२०२७ या कालावधीसाठी लागू राहतील.
- २) शासन परिपत्रक क्र.यंवाद-२०.१२/प्र.क्र.१२४/२०१२/यांत्रिकी, दि.१० ऑक्टोबर, २०१२ मधील निर्देशांचा उल्लेख यंत्र वापर दरसूचीत करण्यात यावा.
- ३) सदर यंत्र वापर दर फक्त यांत्रिकी संघटनेअंतर्गत असलेल्या संयंत्रांसाठीच आहेत. तसेच कंत्राटदार /मजूर सहकारी संस्था यांच्यामार्फत करण्यात येणाऱ्या कामांसाठी अथवा भाडेतत्वावर संयंत्र घेण्यासाठी लागू नाहीत असा स्पष्ट उल्लेख यंत्रवापर दर पुस्तिकेमध्ये करण्यात यावा.

४) यांत्रिकी संघटनेअंतर्गत अस्तित्वात नसलेली तसेच विधन यंत्रसामुग्री व PWD च्या विशेष यंत्रसामुग्री व्यतिरिक्त मागील २ वर्ष कालावधीत वापरात नसलेली "ड" वर्गातील संयंत्रांची नावे यंत्रवापर दर प्रस्तावातून बगळण्यात यावीत.

५) इंधन दरात सातत्याने होणारा बदल लक्षात घेऊन दर ३ महिन्यांनी इंधन दराचा आढावा घेण्यात यावा.

तरी, याअनुषंगाने उचित कार्यवाही करावी तसेच जलसंपदा विभाग सामाईक दरसूची सन २०२३-२४ मधील सर्वसाधारण टिप्पणीमध्ये विशिष्ट क्षेत्रातील कामाच्या स्वरूपानुसार विविध दरांमधील अनुज्ञेय वाढीनुसार गडचिरोली जिल्ह्यातील सर्व तालुक्यातील कामाकरिता २०% वाढ घेण्याची तरतूदीच्या अनुषंगाने गडचिरोली जिल्ह्यात काम करण्या-या संयंत्रांच्या ०३ दर (चालक दर) हे मंजूर Labour दरांमध्ये २०% वाढ घेवून परिगणित करण्याबाबत परवानगी देण्यात येत आहे. त्यानुसार गडचिरोली जिल्ह्यात काम करणा-या संयंत्राचे दर (चालक दर) हे मंजूर Labour दरांमध्ये २०% वाढ घेवून परिगणित करण्यात यावेत. सन २०२६-२७ च्या यंत्र वापर दर सूचीच्या अद्ययावत प्रती शासनास उपलब्ध करून द्याव्यात.

आपला,

(विश्वग धुम)

सोबत - यंत्रवापर दर २०२६-२७

उपसचिव, महाराष्ट्र शासन

प्रत- १) अधीक्षक अभियंता, यांत्रिकी मंडळ, पुणे / नागपूर / कोल्हापूर / नांदेड / नाशिक
२) यांत्रिकी कार्यासन, संग्रहार्थ.

	Note: The Charges of Air Compressor will be extra at the sanctioned rates.Cost of Dimond Bits,Drill Rods,Remaing Shell, Core lifter ,Barrel ,Impregnated Diamond Bits,Air Houses. Water Swivel etc.will be extra actuals.					

MACHINERY USE RATES FOR THE YEAR 2026-27 (01/04/2026 to 31/03/2027)

Sr. No	Group No.	Name of equipment	Rate of Depreciation	Rate of Repair	Rate of Running and Maintenance	Total Machinery Use Rate	Machinery Use Rate Per Day(8 Hrs inclusive of 1.Hr rest recess to the crew)
			Per hour	Per hour			
			A	B	C	A+B+C	
1	2	3	4	5	6	7	8
			Rs.	Rs.	Rs.	Rs.	Rs.

16. SPECIAL EQUIPMENT OF PUBLIC WORKS DEPARTMENT

16	16.1	Bronto Sky Lift Bridge Inspection Unit	360	1004	2846	4210	33680
			(Insurance Charges extra as actul)				

Note:

1. The above machinery use rate do not include the charges on account Watchman Mistries and any labour and material required for Civil works. They include the charges of labour and material for operation maintenance and repairs to the machine only.
Therefore the charges for labour and material for Civil works will be applicable extra.
2. All other terms and conditions for hiring of these machines to contractor will be the same as specified for the machines of Water Resources Department.

(J.M.Gantawar)
Chief Engineer (Mechanical)
Water Resources Department,
Nashik

17. PROCEDURE FOR DEPARTMENTAL USE OF MACHINERY

- 17.1 Fraction of an hour/KM should be counted as full hour/Km .The rounding of Hours /km should be done at the end of each month.
- 17.2 Unless otherwise mentioned in the requisition it shall be presumed that the Machinery being used for department works only and is not hired to contractor or piece worker
- 17.3 The machinery working charges do not include the following charges which will be extra at actual.
 - (a) Transportation of machinery from the Sub-Divisional Stores to the work site and return to stores.
 - (b) Transportation of machinery from one work site to another work site.
 - (c) Transportation of fuel, lubricants, spares, tools, OMR staff etc. from sub-divisional headquarters to work site and back.
 - (d) Transportation of machinery for carrying out major repairs to the nearest Workshop.

18. PROCEDURE WHEN ANY MACHINE IS GIVEN FOR USE TO THE CIVIL DIVISION BY THE MECHANICAL DIVISION.

- 18.1 Operation and maintenance (including day to day running repairs) is to be arranged by civil division
- 18.2 The credits for the element of depreciation should be passed on to the concerned authority ie either mechanical divisions or projects to ownership of the machine
- 18.3 No debit or credits on account of OM R. (inclusive of running repairs) should be passed on by the civil Division to the Mechanical Divisions .
- 18.4 Major repairs should be carried out by the Mechanical Divisions for which the credits for the element of Major Repairs should be passed on to the Mechanical Division by the Civil Divisions every month at the same time as credits for Depreciation are passed on to the authority concerned.

19. CONDITIONS FOR HIRING MACHINERY TO CONTRACTORS/PIECE WORKERS ETC.

- 19.1 In the case of hiring equipment to contractor 10% Supervision charges should be levied as per cwc guide book (3.2.1.3- Page no.14) For example,-if Rs.” H ” is the machinery use rate,then adding 10% supervision charges,1.1(H) will be the machinery use rate to be adopted in respect of machine given on hire to contractor/piece worker and local bodies,Zilha partishads,Municipalities,Maharashtra State Elect.Boards etc)

Sample calculations of charges for hiring-

Name of Equipment	Total Use Rate Rs.(H)	Hiring Charges for Contractor/Piece Worker after adding 10% Supervision charges 1.1 (H)
JCB JS 205 (2022)	2101/Hr	Rs.2311/Hr.

19.2 Requisition should come through the Civil Authorities as per the enclosed form.

19.3 The hire charges do not include from one work site to another work site.

- (a) Transportation of machinery from the Sub - Divisional Head Quarters Garage stores to the work site and back.
- (b) Transportation of machinery from one work site to another work site
- (c) Transportation of fuel, lubricants, spares, tools. OMR staff etc from sub-Divisional Head quarters/Garage/Stores to work site and back.
- (d) Transporting of machinery for carrying out major repairs to the nearest work shop.
- (e) If the machines are required for period less than a working season the DA of Crew will be charged extra.

19.4 Quarters for Mechanical staff and workers and shades for making and repairs to machinery and for stores be provided by the project authorities

19.5 Machinery will be made available on hire to contractors and piece workers, whenever it is possible to so and as it is available without affecting Government works.

19.6 When any machinery is allocated to a work for issue to contractor/piece worker it will be hired out for period of not less than 1 month and the contractor/piece worker will be charged for it for minimum 5 hours utilization in a day when the machinery is available for use being in working condition. If the machine works for more than 5 hours in a day. The contractor/piece worker will be charged for the actual number of hours the machine works Any fraction of an hour over and above 5 hours will be counted as one full hour. If the machine fails after working for some hours the contractor will be charged for the actual number of hours the machine has worked any fraction of an hour being counted as one hour The machinery will stand issued to the contractor/piece worker for use on the work let out on contract.

- 19.7** In respect of vehicles such as Trucks Tippers and Water Tankers the contractor or piece worker will be charged for minimum 5 hours utilization or 160 kms. as applicable run in a day when the machines are given on hire under condition No 19.9 mentioned below. If the truck Tipper, water Tankers fail after working for sometime the contractor or piece worker will be charged for the actual hours/kms the machine have worked. Any fraction of an hour being counted as one full hour. If this machines work for more than 5 hours or 160 kms in a day the contractor or piece worker will be charged on hourly or km basis (whichever recovery is higher) for actual number of hours / kms the machines have worked, any fraction of an hour being counted as one full hour.
- 19.8** When the machinery allocated to a work which is being carried out through several piece -workers and many small contractor, the machinery may stand issued to the local project authority which will be charged for its utilization as per condition 19.7 above and the local project authority may issue it to different agencies according to requirements and for such period of time, as the project authorities may find expedient, and charge them accordingly
- 19.9** When the machinery is regularly working on a Project on departmental execution of work and some of its is required for a short time for emergency or casually, not amounting to regular execution of work by any contractor or piece worker employed on the project, it may be hired out for the purpose on hourly/km charges, any fraction of any hour being counted a one full hour. The period reckoned will be the time for which the machinery leaves for such a use to the time it returns to the original location This provision is intended to cover casual requirements of small agencies on projects executed departmentally
- 19.10** During rainy season, the machines may be hired out on hourly/km charges. The period of rainy season may be generally taken from 15 June to 30 September

(J.M.Gantawar)

Chief Engineer (Mechanical)
Water Resources Department, Nashik –

20. NOTE ON WORKS ABSTRACTS AND REGISTER OF WORKS

PREPARATION OF WORKS ABSTRACTS

On account of all the transaction related to work (O M and R to machinery during a month in respect of cash is to be prepared by the SDO in the form of works. Abstracts Form No: 56 PW424), in which the account of the final outlay is kept by sub heads. The transaction occurred in the Sub-Division from 21st of the month to 20th of the next month will appear in the works abstracts. On receipt of the works abstracts in the Divisional Office from the Sub-Divisional Office along with monthly account, the transactions appeared in the Cash Book and Transfer Entry Book of the Divisional Office and stock account submitted by the Sub-divisional Office will be included in the works abstracts by the divisional Office.

The expenditure will be booked in the works abstracts by sub heads as mentioned below

B REPAIRS:

- (i) B-1 Cost of OEM Genuine Spare parts, Materials and Batteries.
Cost of spare parts, got manufactured
- (ii) B-2 Cost of Tyres. Tubes and Flaps
- (iii) B-3 Sundries (Misc. expenditure relating to repairs)
Expenditure on jobs done by outside agencies.
Expenditure on jobs done by Departmental Workshops.

C Running and maintenance:

- (i) C-1 Cost of fuel
- (ii) C-2 Cost of Lub. Oil and Grease.
Cost of Hyd. Oil and Brake Oil
- (iii) C-3 Expenditure on Operating Crew
Expenditure on Maintenance Crew
Expenditure on labour for Repairs
- (iv) C-4 Sundries (Misc expenditure relating to R and M)

Credits: The debit memos for the use of machinery are prepared by the Sub Divisional Officer based on the Hours/km done and the machinery use rates sanctioned by the Govt. and they are adjusted in the Divisional office by debit to the works or Division concerned. The credits in this connection will appear under the head Receipts and Revenue The transaction of credits mentioned in the works abstracts is to get the position of difference between the amount worked out at sanctioned rates and actual expenditure on working of machinery .

- (i) Running of machinery in kms or hours
- (ii) Depreciation
- (iii) Repairs
- (iv) Running and Maintenance
- (v) Total Credits

The monthly totals of sub-heads of work abstracts are then posted in the Register of works in the Divisional Office

Results: The Resultant position of the machinery showing the difference between the amount worked out at sanctioned rate and actual expenditure is shown in the Register of Works as under

1. Repairs (Credit under repairs minus expenditure on repairs)
2. Running and Maintenance (Credit under Running and Maintenance minus expenditure on Running and Maintenance)
3. Net Result / (1 + 2)
